25th ANNIVERSARY OF THE FOUNDING OF THE DIPLOMACY TRAINING PROGRAM

- This year is the 25th anniversary of the founding of DTP by former President of Timor Leste, Jose Ramos Horta and Professor Garth Nethheim. We will be publishing a series of contributions reflecting on the new human rights challenges posed by political, economic, social and environmental changes since 1989 and what these mean for human rights in the next 25 years. We invite our readers and alumni to contribute to these reflections.
- As an initial contribution, we refer our readers to the new OHCHR 4-Year Management Plan launched by the High Commissioner for Human Rights. The six thematic priorities are: strengthening international human rights mechanisms; enhancing equality and countering discrimination; combating impunity and strengthening accountability and the rule of law; integrating human rights in development and the economic sphere; widening the democratic space; and the early warning and protection of human rights in situations of conflict, violence and insecurity. Here are extracts on South-East Asia and South and West Asia.
