

Participant Biography - MD Mahabub Alam

2015 Migrant Workers Program - Qatar

MD Mahabub Alam is an Investigator at the Ain o Salish Kendra (ASK), one of the most prominent legal aid and human rights organisations in the country. As an investigator, Mahabub regularly conducts investigations on fact-finding reports on various human rights violations experienced by migrant workers, and regularly engages in lobbying and campaigning with lawyers, journalists and civil society leaders. His work in investigating and preventing human rights violations demands theoretical and practical knowledge of the contemporary ideas in the field of human rights which he hopes the capacity building program will enhance.
